| At/Above Benchmark                                                                       | MUHAN scored higher than 97% of students nationally in the same grade. | GE shows how MUHAN's test performance compares with the average grade 3 student who has completed 30% of the school year in the national norms group. It does not necessarily indicate the ability to read independently at this grade level. |
| IRL                                                                                      |                                                                        |                                                                                                                                                                                                                                               |
| (Instructional Reading Level)                                                            |                                                                        |                                                                                                                                                                                                                                               |
| MUHAN would be best served by instructional materials prepared at the third grade level. |                                                                        |                                                                                                                                                                                                                                               |

### Domain Scores (Core Progress Reading)

Ranging from 0-100, domain scores estimate MUHAN's percent mastery of skills in each domain for kindergarten level material.

Reading Recommendation

Lexile® Range

325L - 475L

MUHAN's Lexile Range identifies books at the right level to provide optimal reading challenge without frustration. Enter MUHAN's Lexile Range in <https://www.arbookfinder.com> to find appropriate books.

A Lexile Measure *below* BR400L is reported for progress monitoring purposes only. A score below BR400L should not be used to match readers with text, therefore a Lexile range will not be reported.
