■ At/Above Benchmark

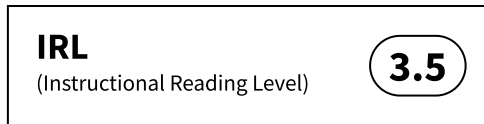

YINING's Scaled Score is based on the Lexile® scale.

YINING scored higher than 98% of students nationally in the same grade.

GE shows how YINING's test performance compares with the average grade 3 student who has completed 90% of the school year in the national norms group. It does not necessarily indicate the ability to read independently at this grade level.

YINING would be best served by instructional materials prepared at the third grade level.
