■ At/Above Benchmark

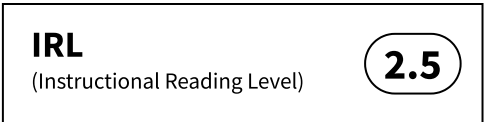

RUIQIU's Scaled Score is based on the Lexile® scale.

RUIQUIU scored higher than 96% of students nationally in the same grade.

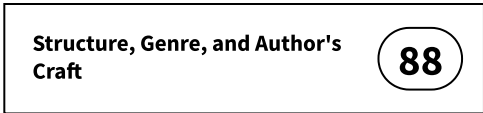

GE shows how RUIQIU's test performance compares with the average grade 2 student who has completed 90% of the school year in the national norms group. It does not necessarily indicate the ability to read independently at this grade level.

RUIQIU would be best served by instructional materials prepared at the second grade level.

Ranging from 0-100, domain scores estimate RUIQU's percent mastery of skills in each domain for kindergarten level material.
